

SmartLINE – Vario/Viso Aggregates

SmartLINE Vario & Viso Adjustable Angle

Use Vario or Viso Aggregates to cut at any angle from 0° to 100°. The Viso digital display aggregate takes the guesswork out of repeating angles, and makes transfer of angles from prints to aggregate easy.

Vario aggregates can be fitted with an ER25 output, or the Combi saw output that is compatible with 45mm or 52mm bolt circles. The Viso can also accept the modular system.

Features:

- Compact design for smaller routers or where space is limited.
- Variable angle single output (0° - 100°)
- Viso features digital display for easy angle setting

Includes:

- Collet nut & wrenches
- ER collets sold separately
